THE TURKISH NAVY.

How It Will Be Represented at the Opening of the Baltic Canal.

The troubles of Turkey, in connection with the dispatch of a vessel to Kiel to take part in the ceremonies, are affording amusing reading. The Turkish Government at first declined to take part in the naval celebration on account of the poor state of its finances. The Emperor then wrote an autograph letter to the Sultan, asking him to send a war ship to Kiel. The Sultan summoned the Minister of Marine, Hassan Pasha, and asked him if it was absolutely impossible to comply with Germany's wishes.

The Minister carefully stated the formidable list on paper of the Turkish war ships, and found that he had only three frigates at his disposal which were suitable, and these needed refitting, which would cost a great deal of time and money. Suddenly Hassan Pasha remembered that the Turkish Government had ordered a large torpedo-boat from the Germania shipbuilding yards at Kiel. This vessel is already built, but has not yet been paid for on account of lack of funds. The brilliant idea struck Hassan Pasha to send a crew to Kiel and hire this boat for the few days of the festivities. Difficulties, however, supervened to prevent the execution of this scheme, and it was finally decided to order the Turkish cruiser Heybelnuma to go to Kiel.

AN EXCELLENT FIRE RETARDANT AND DISINFECTANT.

Especially Designed For INSIDE Work on Factories and Public Buildings

It is a dry powder which can be prepared for use by simply stirring in COLD WATER and can be applied by anyone and will always produce good work.

It is VERY WHITE, extremely reflective and hardens on a wall like stone and will take any tint.

It will last for years, and is unaffected by gases.

One coat covers better than two coats of oil paint or whitewash.

It can be used on any surface and on all classes of work, even for the most decorating.

It will not rub, scale or crack, nor will it soften with age or discolor.

It will not set in the mixing vessel, in fact it improves by standing a few days.

It can be used to good advantage over old whitewash without scraping.

IT DRIES OUT WHITE AFTER BEING WET.

It is cheaper than whitewash, durability considered.

Is supplied in barrels from 300 to 400 lbs., also in boxes of 100, 50 and 25 pounds.
